TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Danville in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall, in said Danville, on Tuesday, the tenth day of March, next at two of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the town will vote to raise and appropriate to repair the several highways and bridges.

4. To see what sum of money the town will vote to raise and appropriate for winter highway maintenance.

5. To see if the town will vote to raise and appropriate a sum of money necessary to obtain State aid on town road maintenance.

6. To see what sum of money the town will vote to raise and appropriate for the Public Library.

7. To see if the town will vote to raise and appropriate a sum of money to be used in improving the cemeteries.

8. To see if the town will vote to raise and appropriate a sum of money for the observance of Memorial Day.

9. To see what sum of money the town will vote to raise and appropriate for the Fire Department.

10 To see how much of the Parsonage Funds the town will vote to spend for preaching for the ensuing year.

11. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

12. To see what action the town will take in regard to excavating water holes in the town and raise and appropriate a sum of money for same.

13. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and fifty-three.

BERNARD E. RUMARY,
ALDEN D. COLBY,
CHARLES M. HARPER.
Selectmen of Danville

A true copy of Warrant—Attest:

BERNARD E. RUMARY,
ALDEN D. COLBY,
CHARLES M. HARPER.
Selectmen of Danville

REPORT OF TRUSTEES OF THE LIBRARY

The year has been an average one as to the number of people using the library and the circulation of books.

The cataloging of all books by card has been completed, and card cases purchased.

Appreciation is expressed for the loan of books again this year by Mrs. R. A. Hicks and Mrs. Alden D. Colby, also for books loaned by the State Library. We acknowledge with gratitude a generous gift of books by Mr. James C. MacLean.

Mrs. Hicks resigned November thirtieth after nine years of service. She has been truly devoted to the work and given freely of herself and her library. A reader herself, she has been very helpful to others in their selection of books. In all her contacts as librarian she has been gracious and kind. The trustees deeply appreciate her cooperation as well as her ability and faithful service.

Mrs. Ruth Thorsen was appointed librarian and assumed her duties December first. The beginnings of her work are most satisfactory.

FRANCES W. COLBY,
AMY S. KIMBALL,
WILL C. CHAPPELL,
Trustees.

FOREST FIRE

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial - for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate - we must have team work. The remedy is simple -

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property.

REMEMBER - Only YOU and YOU and YOU can prevent fire!

TEAM WORK WILL DO THE JOB

Number of local fires	3
Number of acres burned	1
Number of permits issued

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Danville qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district, on the fifth day of March, 1953 at eight o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents. Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment

of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see what action the town will take relative to making alterations to the Eaton School store room in order to provide a space for Kitchen Facilities for the P. T. A. and school children.

10. To see if the Town will vote to raise and appropriate the sum of \$200.00 in order to carry out the alterations called for in the preceding article.

11. To transact any other business which may legally come before this meeting.

CHARLES M. HARPER,
DOROTHY E. SARGENT,
ROBERT H. McPHERSON,
School Board

MARJORIE A. KIMBALL,
Clerk of the School District

TO THE STATE BOARD OF EDUCATION:

I certify that the above is a correct statement of the financial proceedings of the district for the school year 1952 - 53, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board in accordance with N. H. Laws of 1951, Chapter 37, Section 2.

June 9, 1952

CHARLES M. HARPER,
Chairman of the School Board

REPORT OF MUSIC SUPERVISOR

To the Superintendent and School Board, Citizens of Danville:

More than one hundred years ago, when music was first introduced in the public schools, the main accent in education was on the three R's.

Today, so much has been added to the elementary and secondary school curriculum; health, physical education, art, reading, arithmetic, science, thrift, character education, safety, dramatics, good citizenship, social studies and last but not least; music.

The aims of every music teacher are to obtain an appreciation and love of good music leading to the cultural development on the part of the child and to train the child in habits of concentration and thinking. We want all our children to love good music, to be intelligent when they sing or play or listen to music and we want each boy and girl to be given abundant opportunity for learning to sing or play or listen in accordance with the dictates of his inclination and capacity as an individual.

Music is primarily a group activity and is accomplished through songs, rhythms, records, games, folk dancing, rhythm bands and tonette groups of which all the children have participated in and enjoyed. We have experimented with square dancing in the first and second grades and found them to be done successfully and needless to say, the children have enjoyed them as much as their rhythm bands.

I feel that the music program in our schools, is running along very good lines, but couldn't be accomplished without the aid, help and encouragement received from the teachers, parents and students and so my sincere thanks to you all.

Respectfully submitted,
ROSEMARY A. LEOMBRUNO.
Music Supervisor

NURSE'S REPORT

To the Superintendent and School Board, Citizens of Danville:

The physical examinations were completed early in the year with as many corrections made as possible. Along with the physical observation of the children, a health education program was also conducted. Health education is the key to effective school and community action for improved health. Much group education goes on informally in relation to day by day living at school.

In cooperation with the Dental Department of the State Board of Health, all the pupils in the first six grades received cleanings and four fluorine treatments. It is hoped that this will prevent or lessen tooth decay.

I would like to take this opportunity to thank all who have made my work so pleasant. Their help, interest and cooperation is deeply appreciated.

Respectfully submitted,
CONSTANCE COOPER, R. N.,
School Nurse

Ring Worm	3

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Danville.

It is with pleasure that I submit this, my third annual report as your Superintendent of Schools.

The Danville Schools opened in September with a total enrollment of 88 pupils; one less than estimated last year. The enrollment by grades is as follows:

Grade	1952 - 53	1953 - 54
1	11	10
2	12	11
3	10	12
	<hr/>	<hr/>
	33	33
4	12	10
5	14	12
6	13	14
	<hr/>	<hr/>
	39	36
7	6	13
8	10	6
	<hr/>	<hr/>
	16	19
	<hr/>	<hr/>
	88	88

Because of the large group in the intermediate grades, six of the 6th grade pupils were transferred upstairs thereby relieving crowded conditions in grades four, five and six. This is a practice that may have to be followed as the larger grades move up through the system.

Although the shifting of portions of one grade to another is and has been done as a matter of expediency, it is not conducive to the most efficient instruction. I hope there will be a continued exploration of the possibilities of two grades to a teacher and that eventually Danville will see its way clear to adopt such a plan.

As part of this report you will find a page devoted to Return of District Revenue, which shows the actual budget that the school district is using for the current year 1952 - 53.

TEACHERS

Continuity in teaching staff is an important requisite of good instruction. Danville has again been fortunate in maintaining an experienced corp of teachers who are professionally minded and who take pride in a job well done.

GUIDANCE AND TESTING PROGRAM

The testing program in grades four, six and eight was carried out this year under the supervision of John Scanlan, Director of Guidance for Supervisory Union 14. Mr. Scanlan has worked with the teachers in the interpretation of tests and is now counseling 8th graders in the selection of a high school program best fitted to their interests and aptitudes.

Mr. Scanlan's report follows so I shall only say that much has been accomplished in the first half year of the program and I hope that the parents of Danville will take the opportunity to sit down with Mr. Scanlan and the teachers and discuss their childrens' problems objectively.

REPAIRS AND REPLACEMENTS

Danville is fortunate in having a school board that is constantly trying to improve the physical as well as educational advantages of their children. You are also fortunate in having citizens who are willing to give time and effort for the same cause. The erection of the basketball backboards by the P. T. A. has aided not only those in school, but graduates as well. I would hope the playing surface could be filled in and smoothed over as its present condition does not allow for too much freedom of play.

For its size the Eaton school is well provided with play space and equipment.

The program of replacing the old desks in grade 1-3 should be continued thereby making the activities in that room more flexible.

In closing, I wish to thank the school board for their cooperation and express my appreciation to all concerned for the friendly spirit they have shown.

Respectfully submitted,

LOUIS L. RAMSAY

Superintendent

GUIDANCE DIRECTOR'S REPORT

To the Superintendent of Schools, Members of the School Board and Citizens of Danville:

It gives me great pleasure to present my first annual report as Director of Guidance.

In these first few months a good start has been made in laying the foundation for a high grade program of guidance services for the pupils in grades one through eight. Under the supervision of Mr. Ramsay and working with the help and advice of Mr. Radasch, New Hampshire State Director of Guidance, the University of New Hampshire Guidance Department, and the Boston University Guidance Department; short term and long term objectives for the program were formulated.

A survey was made during the first week in September during which time the teachers in all grades were seen and asked in what way the guidance program could best meet the needs of their pupils. After this information was tabulated and analyzed, we set up our objectives.

The first objective for these early months was to set up an individual inventory for each pupil in the 8th grade. These pupils are faced with an immediate and important choice in their planning for a career, and more than any grade these pupils need guidance immediately. An individual inventory is an inventory of the pupil's assets and liabilities in the physical, mental, social, emotional, and spiritual areas of life. Over the years, this will be a record of his or her growth in these areas as well as a very specific and analytical record of his growth in the educational skills. An important part of the inventory is the results of the University of New Hampshire battery of tests covering ability, interests, aptitudes, and personality. This first objective has been accomplished.

Using the inventory as a basis we are now in the process of counseling and guiding these 8th grade students in their next important step their choice of an occupation for which they will start preparing in their four years of high school work.

In the process of the carrying through of this part of the program, 22 visits have been made to the schools. Each of the 8th grade pupils has been counseled individually at least twice. Each of these students will be counseled individually at least twice more before June, or as many more times as is necessary in order that it is as certain as we can make it that he or she is making the proper choice.

It is necessary that these pupils should know what they can expect in their chosen occupation as far as the kind and amount of training necessary, personal requirements, aptitudes, special abilities required, salary, opportunities for advancement, etc. is concerned. This information will be given them.

An occupational information file is being set up. At the present time information on approximately 1100 different jobs is available. This file will be expanded to cover every possible need. We will make use, too, of the facilities of the State Library in Concord.

The University of New Hampshire tests have been given. These standardized tests compare our pupils with thousands of other pupils in the same grade in the United States. Ten 8th grade students were tested on twenty-one different attributes of personality. These tests are of immeasurable value in guiding students into the proper educational and vocational fields. Twelve 4th grade pupils and thirteen 6th grade pupils were tested on ten attributes of personality and growth in twenty-six educational skills. The attributes scores are valuable in diagnosing for the guidance of these pupils and the

growth in educational skills scores are of great value in aiding the teacher to see those skills in which the pupil needs more help. Three individual tests were given to pupils upon whom certain specific information was needed so that factors which were slowing down their progress might be brought to light and rectified.

Before the year is completed the 8th grade students will be given a short intensive course in "Choosing A Career". In other words, they will be given every possible aid so that they will be pointed toward the position for which their abilities, aptitudes, and personality fit them.

A follow-up of our graduates and drop-outs will be made in order to evaluate the success of our school training and the guidance program. When the 8th grade students have been properly served by the guidance program an individual inventory will be set up for each pupil in each grade, starting with the first. This inventory will follow the child from grade to grade. At present our testing program starts in at the 4th grade. We would like to extend this down to the first grade.

A very important part of any guidance program is the help which a counselor can give to those pupils who are not adjusting well to the school and who are not making the progress of which they are capable. Through tests and counseling interviews, it is very often possible to find the reasons for the pupil's poor progress and to help him, or her, so that they may be happier in school and able to take advantage of its benefits. The success other guidance programs have had in this particular area have been quite remarkable. Four Danville students have been helped in this way.

An adult education course in the training of children and the proper handling of their problems has been given in February and another will follow in the spring, if there is a call. When school closes in June the facilities of the

guidance office will be available to the out-of-school members of the community. It is hoped that many adults will take advantage of its testing, counseling, and consultation services.

I feel that we have made an excellent start and look forward to great accomplishments in the remainder of this year and next.

Respectfully submitted,
JOHN A. SCANLAN,
Director of Guidance

STATISTICAL DATA

	1951 - 52	Sept. 1952
Number Pupils Enrolled	94	88
Average Membership	91.36	
Average Number Tardinesses	.92
